

## Articulation Agreements: “Path of Least Resistance” for Students

*A guide for community college students transferring into a four-year computer science or information technology program*

TO ENSURE A SMOOTH TRANSFER, WE RECOMMEND YOU FOLLOW THESE STEPS:

1. Meet with an academic advisor early in your academic career.
2. Develop a course plan consisting of general education classes that are guaranteed to transfer to a four-year college.
3. Take major courses that are guaranteed to transfer.
4. Speak with an advisor in the four-year department you are planning to transfer into, and verify transferability of courses.
